Lamp Retrofit Kit

Key Features

- LED retrofit kits are suitable for re-lamping 2- or 4-lamp, 8-ft. fluorescent strip fixtures.
- Streamlined packaging for easy job management and installation.
- Kit includes: driver/ballast cover, (8) shunted lampholders, 18-gauge black & white wire, tek screws, raceways, and quarter-turn locks.

Electrical

- Shunted lampholders are high profile, snap-in rotating camlock design.
- LED lamps are not included and are sold separately.

Construction

- Driver/ballast covers are precision formed 22 gauge steel, painted white.
- Lampholders mount directly to the driver/ballast covers.
- Raceways designed to support 2-lamp or 1-lamp configuration.
- Sold in 5 ct. mastercase.

Warranty

- Backed by US LED's Five-Year Warranty.

Product Overview

The RCK is used to convert legacy fluorescent T8 strip fixtures to LED, which results in substantial energy savings and improved lighting. These retrofit kits are suitable for re-lamping of 8 ft. fluorescent strip fixtures with one or two T8 LED lamps. Best of all, the RCK is manufactured with best-in-class materials and is easy to install in the field.

Product Applications

- Industrial/Warehouse
- Retail/Grocery Stores
- Educational Facilities
- Convenience Stores
- Hallways/Corridors
- General Lighting

Product Certifications

- Complies with UL1598 and CSA 22.2
- RoHS Compliant

RoHS
