

Point XL2 White Modules

Channel Letter Lighting

Key Features

- Ultra-long life LED modules provide high performance illumination at excellent value.
- High efficacy performance up to 163 LPW.
- Ideal for 2"-12" channel letter depths.

Electrical

- 12VDC input.
- 0-10V dimming available via controller accessory (sold separately).
- Operating temperature: -40°C to 60°C (-40°F to 140°F)

Mounting

- Modules mounted using peel-and-stick 3M VHB tape.

Construction

- Modules are IP67 rated to prevent against penetration of dust and moisture.
- Dimensions: 1.96" x 0.63" x 0.236"

Optics

- Industry-leading LEDs with 4000K, 5000K, and 6500K CCT (minimum 70 CRI).
- 175° beam angle for ultra-wide light distribution.

Warranty

- Backed by US LED's industry-leading Ten-Year Warranty.

Product Performance Summary

Lumen Output ²	Up to 196 lumens/ft.
Efficacy	Up to 161 LPW
CRI	≥ 70 CRI
Available CCT	4000K, 5000K, & 6500K
Warranty	Ten-Year Warranty

Product Overview

Point XL2 is US LED's next generation of channel letter lighting that offers industry-leading performance in a cost-effective solution. Now accommodating even more modules per power supply, Point XL2 delivers best-in-class efficacy up to 161 lumens per watt. In addition, its proprietary optic provides even greater distribution than ever before for more efficient installations.

Product Applications

- Channel Letter Lighting
- General Sign Lighting

Product Certifications

- UL Recognized (USA/Canada)
- UL Classified for Retrofits (USA/Canada)
- Suitable for Wet Locations
- IP67 Rated

PSB-1-12-60 US LED 12V/60W Power Supply

Overview

The PSB 12V is a high-performance, Class 2 power supply unit intended for use with LED lighting in outdoor signage applications. It is designed to withstand moisture with an IP66 environmental rating and is RoHS compliant. The PSB is engineered to speed up installation and ensure reliable operation long term.

Key Features

- For use in outdoor signage applications
- 12VDC, Class 2 power supply
- 90-305VAC input voltage
- Complies with UL 879, UL 8750, UL 1310 and CSA 22.2
- Complies with FCC 47CFR Part 15
- Same loading as prior model PSA-12-60
- IP66 rated housing

Electrical

- Input voltage: 90-305VAC (120V/1.05A), (230V/0.56A), (277V/0.50A)
- Output voltage: 24VDC
- Output current: 4.0A
- Output power: 100W max
- Operating temperature: -30°C to +50°C (-30°F to +122°F)

Construction

- Weight: 1.5 lbs. (0.68kg)
- 10 ct. package quantity
- Housing designed for high thermal capability

PS2-1-WT Life Extender Power Supply Enclosure | White

PS2-1-BK Life Extender Power Supply Enclosure | Black

PS2-1-NA Life Extender Power Supply Enclosure | Natural Galvanized

Overview

The PS2 is a multi-purpose power source Box used in LED lighting ranging from signage to commercial and industrial applications. The PS2 is designed to simplify installation of LED drivers and wire connections, all enclosed within one box. It's available as a UL Listed enclosure or as a junction box and LED driver combo. The enclosure is designed for indoor (dry/damp) locations and meets electrical code requirements. It has knockouts on both sides of the enclosure to accommodate all of the input and output connections.

Key Features

- Engineered for use with signage lighting, commercial lighting, and industrial lighting applications.
- Available as a UL Listed enclosure or as a junction box and LED driver combo.
- Suitable for air handling spaces.
- Complies with UL 879, UL 8750, UL 1310, and CSA 22.2
- Rated for indoor (dry/damp) locations.

Construction

- Robust 24-gauge steel housing protects components from harsh environments.
- Ventilation on three sides of the enclosure optimize thermal management.
- Housing is protected by a corrosion resistant powder coat finish.
- Dimensions: 15 in. X 3 in. X 1.63 in.
- Weight: 1.30 lbs.

Mounting

- Suitable for cabinet or surface mounting use.
- Consult factory for additional mounting options.

Accessories

WWC-2-50 Wire Management Clips (50 Qty.)

Overview

The wire management clip helps to guide wiring around equipment and cabinets. This C-type clip has adhesive backing that allows mounting virtually to any clean, dry surfaces without drilling. The wire management clip prevents wires from blocking light, especially in shallow channel letters.

Key Features

- C-type clip designed to assist with wire management for sign cabinet and channel letter installations.
- Suitable for damp locations.

Construction

- Constructed from nylon 6/6 material.
- White color finish.
- Dimensions: 0.75 in. X 0.75 in. X 0.37 in.
- Slot dimensions: 0.23 in. x 0.19 in.

Mounting

- Adhesive backing for mounting to dry, clean surfaces without drilling.
