INTRODUCING THE
SCL2 ROUND LED MINI PANEL

With a low-profile design and stay-white acrylic diffuser, the SCL2 is the perfect solution to illuminate smaller commercial applications like self-storage units, utility areas, and other similar spaces. The SCL2 is available in a slim 9" round model and offers selectable wattage options.

PRODUCT FEATURES

• Switch for selectable wattage options.

• Integrated occupancy/photocell sensor.

• Diffused lens provides comfortable, uniform illumination.

• Industry-leading LEDs with 4000K and 5000K CCT.

• Configured to be easily surface mounted.
